

Thomas J Walsh, MD

Weill Cornell Medical College of Cornell University, New York, NY.

Dr. Walsh received his medical degree from The Johns Hopkins University School of Medicine in Baltimore, Maryland. Dr. Thomas J. Walsh, serves as Director of the Transplantation-Oncology Infectious Diseases Program of Weill Cornell Medical College of Cornell University, New York, NY. Dr. Walsh served as a Senior Investigator and Chief of the Immunocompromised Host Section in the Pediatric Oncology Branch of National Cancer Institute. He serves in Adjunct Faculty positions at the University of Maryland School of Medicine and the Johns Hopkins University School of Medicine. Dr. Walsh directs a combined laboratory and clinical translational research program that is dedicated to the investigation of the antifungal pharmacology and chemotherapeutics, augmentation of host defenses, and molecular detection of invasive fungal infections in immunocompromised children and adults with cancer, stem cell transplantation, and other immunodeficiencies. He has been a Member of Scientific Advisory Board at iCo Therapeutics Inc. since September 2010. Dr. Walsh is board certified in Medicine, Infectious Diseases, and Oncology. His professional memberships include Councilor of the International Immunocompromised Host Society (ICHS), Co-Chair of the ICHS Medical Mycology Training Initiative, President-elect of the Medical Mycology Society of the Americas, Risk Group I Chair of the Bacteriology and Mycology Study Group, and Chair of the NCI Animal Care and Use Committee.

The recipient of numerous awards for his teaching and mentoring, laboratory investigations and clinical research, Dr. Walsh has written extensively in the areas of diagnosis, pharmacology, *Aspergillus*, *Candida*, and selected emerging fungal pathogens and serves as reviewer or member of the editorial board of many leading journals. Dr. Walsh has trained and mentored more than 70 research fellows and students from 16 different countries. During the next ten years, he completed post-doctoral training with fellowships in Pathology, Infectious Diseases, and Medical Oncology with a central research focus on medical mycology.

He has been a Member of Scientific Advisory Board at iCo Therapeutics Inc. since September 2010. Dr. Walsh is board certified in Medicine, Infectious Diseases, and Oncology. His professional memberships include Councilor of the International Immunocompromised Host Society (ICHS), Co-Chair of the ICHS Medical Mycology Training Initiative, President-elect of the Medical Mycology Society of the Americas, Risk Group I Chair of the Bacteriology and Mycology Study Group, and Chair of the NCI Animal Care and Use Committee.

Thomas Walsh has authored around 800 journal articles and 20 books/book chapters.
